

New York Employment Services System (NYESS)

New York Employment Services System (NYESS) is the result of the collaboration between the NYS Office of Mental Health (NYS OMH) and the NYS Department of Labor (NYS DOL) and is one of the largest Administrative Employment Network's (AEN's) in the country. An AEN is a collaboration of affiliated providers who combine their resources to provide customers with a range of support services. Such services include career counseling, job placement, benefits advisement, and ongoing support services. You and your AEN provider affiliate will jointly develop an Individualized Work Plan (IWP) that defines your employment goals and describes the specialized services you will receive to help you meet these goals. If NYESS isn't the right AEN for you, we can help you find the right partner.
