Board of Director Meeting – April 28, 2012

Present: W. Stein, C. Olsen, A. Lymon, M. Washington, J.Finn

Meeting opened at 12:30 pm.

This was an opportunity for Kenneth Pounder to provide initial samples of the music and media work he is doing. Mr. Pounder has developed a song, and has made initial plans to develop a fund raising system based on the Dream Tank program. This involves the development of a clothing line as well as preparing the youth to record music that will be eventually sold. This allows the youth to showcase their talents while also learning valuable skills that will be used in life. Mr. Pounder played a first draft of a song that focusses on the need to stay positive and never give up. This is the basic message he is preparing for the Dream Tank youth.

A motion was put on the table by Mr. Stein, seconded by Ms. Lymon, and unanimously approved for the Board to allow Mr. Pounder to develop a trademark to protect the rights of the youth and the organization as a whole once these products are placed in the market. The cost of this will be \$750.00.

“If we do not capture the hearts and minds of our youth, someone else will.”

Hon. Josephine Victoria Finn
