Board of Director Meeting – Jun 2, 2012

Present: W. Stein, C. Olsen, E. Snowden, M. Washington, J.Finn

Meeting opened at 12:30 pm.

Mr. Kenneth Pounder presented to the Board what work has been done to date.

Mr. Pounder presented a song he wrote, a short video, and the smart phone app. He also reviewed the improved website. The Board unanimously agreed that Mr. Pounder's work is unquestionable in the best interest of Dream Tank Youth and commended him on his efforts. The Board also explained in a general review that the organization is working on very limited funding and can only provide payment based on what is available in current and future funding. Mr. Pounder is comfortable with that and has in fact donated a considerable amount of time.

J. Finn asked the Board to make suggestions regarding fund raising programs. The Board agreed to research any possible ideas and communicate via email. A plan should be put into place at our next Board meeting.

J. Finn presented to the Board plans for a "Dream Tank Jam" event, to be held in Monticello, on August 4. Mr. Pounder, who is in a musical group that has performed professionally for over twenty years, will perform with his group at the event along with other performers. The Board will work to sell tickets and will provide hands on support at the event.

***"If we do not capture the hearts and minds of our youth, someone else will."***

***Hon. Josephine Victoria Finn***
